1 GENERAL INFORMATION

KP Tissue Inc. (KPT or the Corporation) was incorporated by articles of incorporation under the Canadian Business Corporations Act on October 1, 2012. As of September 30, 2026, the Corporation held a 12.0% interest in Kruger Products Inc. (Kruger Products) (December 31, 2025 - 12.1%).

Kruger Products' principal business is to produce, distribute, market and sell a wide range of disposable tissue products, including bathroom tissue, facial tissue, paper towels and napkins for both the consumer and away-from-home markets in North America. The Corporation's headquarters are located in Mississauga, Ontario, Canada.

2 BASIS OF PRESENTATION

These unaudited condensed financial statements have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (IFRS Accounting Standards) applicable to the preparation of interim financial statements, including International Accounting Standards (IAS) 34 – Interim Financial Reporting as issued by the International Accounting Standards Board (IASB), and with interpretations of the International Financial Reporting Committee which the Canadian Accounting Standards Board has approved for incorporation into Part 1 of the CPA Canada Handbook - Accounting. These unaudited condensed financial statements should be read in conjunction with the annual audited financial statements of the Corporation for the year ended December 31, 2025.

These unaudited condensed financial statements were approved by the board of directors on November 10, 2026.

3 SUMMARY OF MATERIAL ACCOUNTING POLICIES

The material accounting policies used in the preparation of these unaudited condensed financial statements were disclosed in the annual audited financial statements of the Corporation for the year ended December 31, 2025 and have been applied to all periods presented.

Accounting standard implemented effective January 1, 2026

Amendments to IFRS 9 and IFRS 7 - Amendments to the Classification and Measurement of Financial Instruments

On May 30, 2024, the IASB issued amendments to IFRS Accounting Standards 9 and IFRS Accounting Standards 7 aimed at improving the classification and measurement of financial instruments. The recent amendments simplify financial reporting by allowing earlier recognition of liabilities settled via electronic payments, clarifying the assessment of cash flows for basic lending arrangements, and refining definitions for non-recourse features and linked instruments. The amendments also introduce more detailed disclosure requirements for fair value changes in equity instruments and mandate reporting of terms that could affect cash flow timings or amounts. The amendments are effective for periods beginning on or after January 1, 2026 and adoption of these amendments did not have a material effect on the Corporation's condensed interim financial statements. For financial liabilities settled in cash using an electronic payment system, the election was applied to deem these financial liabilities to be discharged before the settlement date. The amendments were applied retrospectively, with no restatement of comparative information, in accordance with transition requirements on initial application of IFRS 9.

Accounting standard issued but not yet implemented:

IFRS 18, Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued IFRS 18 to achieve comparability of the financial performance of similar entities. The standard, which replaces IAS 1, impacts the presentation of primary financial statements and notes, mainly the income statement where companies will be required to present separate categories of income and expense for operating, investing, and financing activities with prescribed subtotals for each new category. IFRS 18 will require management-defined performance measures to be explained and included in a separate note within the unaudited condensed financial statements. The mandatory effective date would be for annual reporting periods beginning on or after January 1, 2027, including interim financial statements, and requires retrospective application. The Corporation has substantially completed its assessment of IFRS 18 and does not expect the adoption of the standard to have a material impact on its unaudited condensed statement of income. The adoption of IFRS 18 is not expected to impact the Corporation's reported financial results.

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of these unaudited condensed financial statements in conformity with IFRS Accounting Standards requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities in the unaudited condensed financial statements and the disclosure of contingencies at the dates of the unaudited condensed statement of financial position, and the reported amounts of revenues and expenses during the reporting period. On a regular basis and with the information available, management reviews its estimates and judgments, including those related to fair value and the basis of accounting. Actual results could differ from those estimates. When adjustments become necessary, they are reported in earnings in the period in which they occur.

The estimates and judgement applied by management that most significantly affect the unaudited condensed financial statements are the same as the ones that applied to the annual audited financial statements for the year ended December 31, 2025.

6 DIVIDENDS

During the 9-month periods ended September 30, 2026 and September 30, 2025, the Corporation paid quarterly dividends to shareholders. Pursuant to the Corporation Dividend Reinvestment Plan (DRIP), a portion of the dividend was reinvested by the shareholders, resulting in the Corporation issuing common shares. The proceeds were used to acquire additional shares of Kruger Products. The amount per share, dividends paid, additional common shares issued at the share price, and the gross proceeds were as follows:

					2026
	Amount per share	Dividends paid	Share price	Issuance of common shares	Gross proceeds
Dividend Payment Date	$	$	$	#	$
January 15, 2026	0.18	1,803	10.21	6,971	71

July 15, 2025	0.18	1,802	8.87	7,243	62
		5,399		**20,612**	**170**

Subsequent to September 30, 2026, on October 15, 2026, the Corporation paid a dividend of $2.1 million to shareholders at $0.21 per common share. Pursuant to the Corporation DRIP, a portion of the dividend was reinvested by the shareholders, resulting in the Corporation issuing 5,582 common shares at a price of $11.80.

Subsequent to September 30, 2026, the Corporation declared a dividend of $2.1 million, payable on January 15, 2027 at $0.21 per common share.

As a result of the DRIP and Kruger Inc.'s reinvestment of its dividends from Kruger Products in common shares of Kruger Products, a dilution gain of $0.2 million was recorded during the 9-month period ended September 30, 2026 (9-month period ended September 30, 2025 - $0.3 million).

7 ECONOMIC DEPENDENCE

The Corporation was created to acquire, and its business is limited to holding, a limited equity interest in Kruger Products, which is accounted for as an investment in an associate using the equity method of accounting. As such, the Corporation is economically dependent on Kruger Products and exposed to all the risks associated with the business of Kruger Products, including, but not limited to, liquidity risk.
